

Global Campus of Human Rights has launched the third edition of the GC Visual Contest, which open to photographers and video-makers, professionals and amateurs, from any part of the world. The visual contest will be open from 1 May and will accept submissions through 30 June.

The theme for 2017 is

“Memory and Reconciliation”.

Memory and how do we envision the past has a potent impact on the creation of the present and future of a country and the current understanding of human rights concerns.

The competition will have two category levels, for professional artists and amateurs to which students and Alumni from the Global Campus are particularly encouraged to apply. A number of images and videos will be selected to be displayed on a dedicated online gallery and in connection to GC events/activities ensuring international exposure also thanks to different partners and social media channels. Winners will be determined by an international jury composed of leading experts in the field of photography and documentary filmmaking and of members of the GC network.

This initiative is funded by the

European Union

and receives the patronage of the United Nations Regional Information centre for Western Europe (UNRIC).
